PREFACE

Reading is the cornerstone of learning, yet it remains one of the most pressing challenges in education today. In response, the Division of **Bukidnon proudly introduces Bukidnon's Unified Literacy and Intervention Gateway (BULIG)** — a transformative innovation designed to improve learners' reading ability and empower every child to succeed.

BULIG is more than a program; it is a unified movement for literacy, built on collaboration, evidence-based strategies, and a deep commitment to equity in education. This initiative bridges gaps in reading proficiency by providing targeted interventions, innovative approaches, and sustainable support systems that cater to the diverse needs of learners across the division.

Anchored on this vision, the Division of Bukidnon integrates the ARAL Program (Academic Recovery and Accessible Learning), a national initiative focused on learning recovery and remediation. ARAL provides structured and learner-centered interventions for those struggling with foundational skills in reading and numeracy. By complementing BULIG's mission, ARAL strengthens the division's comprehensive approach to literacy, ensuring that learners overcome difficulties and gain the confidence to succeed academically. Together, these programs create a powerful synergy that accelerates learning recovery and builds a strong foundation for lifelong learning.

Through BULIG, we envision classrooms where every learner reads with confidence, comprehends with clarity, and learns with purpose. This gateway opens opportunities for lifelong learning, ensuring that no child is left behind in the journey toward academic excellence and personal growth.

Together, let us make literacy not just a goal, but a reality for all.

Phoneme Isolation

Pretest

A. Directions: Look at the picture. Listen to your teacher as she reads the word. Write the letter for the missing beginning sound.

1. ____ o g

2. ____ n t

3. ____ a n

4. ____ e d

5. ____ a n

B. Directions:

Look at the picture. Listen to your teacher as she reads the word. Write the letter of the missing middle sounds.

C. Directions:

Look at the picture. Listen to your teacher as she reads the word. Write the letter of the missing middle sounds.

1. ca_____

2. ma_____

3. to_____

4. bo_____

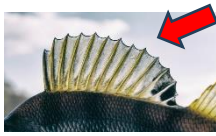

5. ba_____

Phoneme Identification

Pretest

A. Name each picture and identify the common sound that they have. Write your answer on the blank.

1.				_____
2.				_____
3.				_____
4.				_____
5.				_____

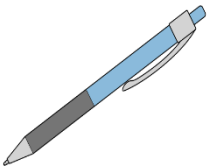

B. Know the medial sound of the name of the picture. Color the box blue with correct letter sound.

6. 

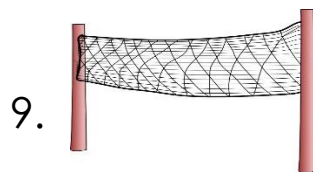

/a/	/e/	/i/	/o/	/u/
-----	-----	-----	-----	-----

7. 

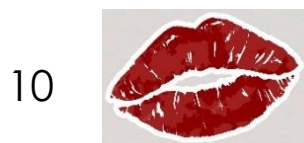

/a/	/e/	/i/	/o/	/u/
-----	-----	-----	-----	-----

8. 

/a/	/e/	/i/	/o/	/u/
-----	-----	-----	-----	-----

/a/	/e/	/i/	/o/	/u/
-----	-----	-----	-----	-----

/a/	/e/	/i/	/o/	/u/
-----	-----	-----	-----	-----

C. Encircle the picture that has the same final sound of the picture at the left t.

11. 			
12. 			
13. 			
			
15. 			

Phoneme Categorization

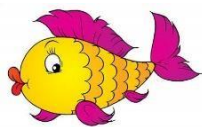

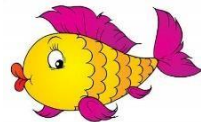

Pretest

Direction: Answer the following:

I. Which word does not belong to the group based on the initial Sounds?

- | | | | |
|----|-----|-----|------|
| 1. | mat | cam | mop |
| 2. | ham | pot | pal |
| 3. | sit | sap | yell |

II. Which picture does not belong to the group based on the initial sounds?

IV. Check the names of the pictures which have the different final sounds.

rug

mug

bird

feet

jar

meat

Phoneme Blending

Pretest

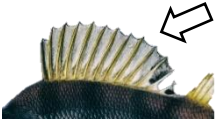

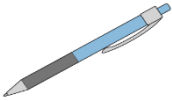

Say the name of each given picture. Sound each letter and blend the phoneme to make a word.

Say it	Sound it	Blend it
	/a/ /n/ /t/	<u>a</u> <u>n</u> <u>t</u>
	/s/ /t/ /a/ /r/	-----
	/b/ /r/ /e/ /a/ /d/	-----
	/s/ /l/ /e/ /e/ /p/	-----
	/t/ /w/ /i/ /n/	-----
	/c/ /o/ /r/ /n/	-----
	/m/ /a/ /s/ /k/	-----
	/b/ /i/ /r/ /d/	-----
	/h/ /e/ /n/	----
	/f/ /l/ /a/ /g/	-----

Phoneme Segmentation

Pretest

A. **Directions:** Name each picture and count the sound/s that you hear in each name. Write your answer in the space provided.

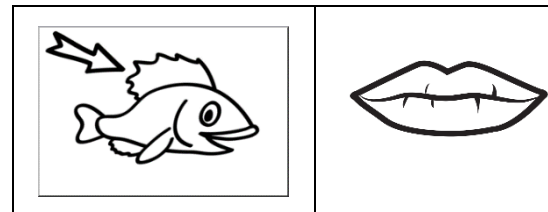

1.		_____
2.		_____
3.		_____
4.		_____
5.		_____

B. **Directions:** Listen to the teacher carefully. Color the picture that has the correct sound as the teacher say.

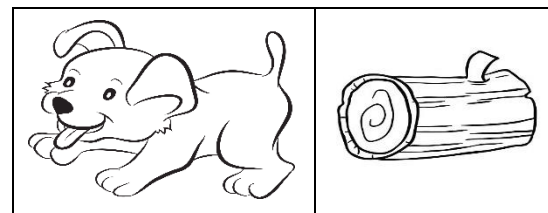

6. /j//a//m/

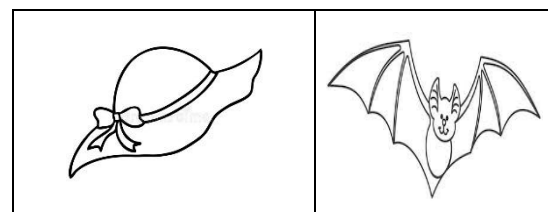

7. /l//i//p/

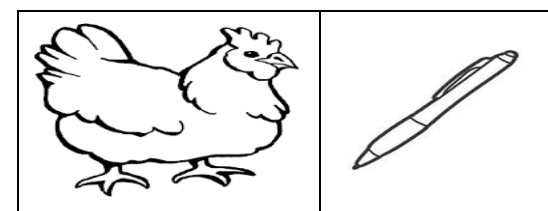

8. /d//o//g/

9. /h//a//t/

10. /h//e//n/

C. **Directions:** Listen carefully to your teacher as she gives every sound from column A and match it to the picture in Column B.

A

B

1.

/j/ /e/ /t/

2.

/r/ /a/ /g/

3.

/p/ /i/ /n/

4.

/h/ /a/ /m/

5.

/p/ /i/ /g/

Pretest

Phoneme Deletion

Name: _____

Instructions: Say the name of the picture at the left side.
Take away the first sound you hear in the word.
Encircle the correct picture of the new word at the right.

1.  remove m	 
2.  remove r	 
3.  remove c	 
4.  remove s	 
5.  remove b	 

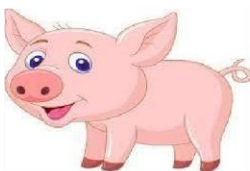

B. Directions: Listen to the sounds your teacher is saying.
Blend them together to form a new word.

Write your answer in the blank.

1.  take away /p/ = _____

2.  take away /h/ = _____

3.  take away / b/ = _____

4.  take away / p/ = _____

5.  take away /c/ = _____

C.Directions:

Listen to the teacher attentively. Follow the instructions carefully . Say the new words formed.

- A. Delete the /s/ sound from the following words. What are the new words formed?

fast gust sand stop

- B. Delete the /d/ sound from the following words. What are the new words formed?

stand band card dash

- C. Delete the /t/ sound from the following words.
What are the new words formed ?

stand cart train trap

- D. Delete the /b/ sound from the following words. What are the new words formed ?

bam bat bash barks

- E. Delete the /n/sound from the following words.
What do you get?

band rant bend rend

Phoneme Addition

Pretest

Directions: Add the correct letter sound in the beginning, middle, or end of the given word to form a new word. Write your answer in the box.

Say It	Circle It	Write the Word
lap	/c//a//p/ 	clap
hear	/m/ /t/ /d/ 	
at	/z/ /x/ /c/ 	
tee	/t/ /d/ /g/ 	
gas	/ll/ /aa/ /ss/ 	
tick	/s/ /e/ /o/ 	
pear	/t/ /l/ /a/ 	
eat	/m/ /a/ /e/ 	
gapes	/s/ /r/ /k/ 	
late	/p/ /a/ /i/ 	
bow	/l/ /o/ /a/ 	
tar	/s/ /a/ /t/ 	

Phoneme Substitution

Pretest

Test I

Direction: Put check (✓) if the words are formed by changing the initial sound and (x_) if in ending sound.

____ 1. **m**ug-----**b**ug

____ 2. ma**t**-----ma**n**

____ 3. ra**t**-----ra**n**

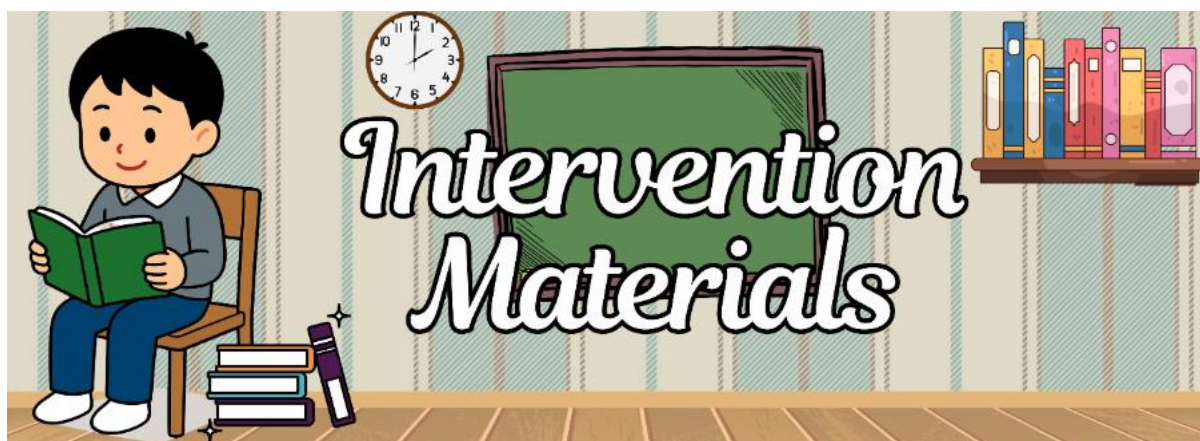

____ 4. **m**at-----**h**at

____ 5. **c**an-----**r**an

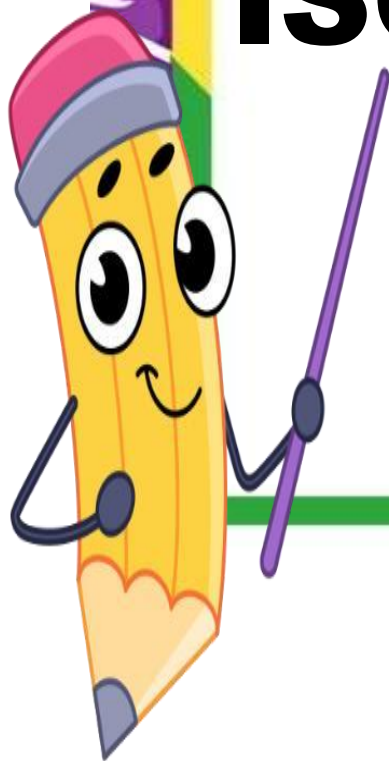

____ 6. **b**ag-----**t**ag

____ 7. ma**p**-----ma**n**

____ 8. ra**t**-----ra**m**

PHONEME ISOLATION

Phonemes are sounds. Phonemic isolation is the act of picking out sounds at the beginning, middle and end of words. This set of skills most commonly refers to picking out sounds in CVC words, aka consonant vowel consonant words and is taught in the following order:

- Beginning sound isolation
- Ending sound isolation
- Middle sound isolation

What's wrong! The /ou're
need to
say /r/. A child who can do all three phoneme isolations will know that the beginning sound of rat is /r/, the middle sound is /a/, and the ending sound is /t/.

If a child is unable to isolate sounds, they will have a really hard time reading and will not be able to write independently.

Lesson 1. ***Phoneme Isolation***

3 days

I. Objective

At the end of the lesson the learners are expected to:

1. Recognize the beginning/initial sounds within a word.
2. Recognize the middle/medial sounds within a word.
3. Recognize the ending/final sounds within a word.

II. Subject Matter

Phoneme

Isolation References:

K to 12 Curriculum Guide English for
Grade I Materials:

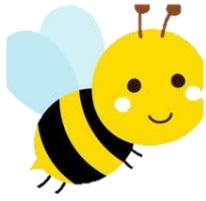

Pictures, activity sheets

Value: Cooperation

III. Procedure

A. Preparatory Activities

Let the learners answer the Pretest. Distribute to them the answer sheet.

Beginning / Initial Sound

Motivation:

Show different pictures to the learners. Ask them to tell the names of the objects. Let them give the sound of each object produces.

Tell to the learners that different things and animals have their own different sounds.

1. Developmental activities:

Show cards containing the letter and produce to them the letter sound.

/b/ /a/

/t/

Have a review on the different letter sounds previously learned.

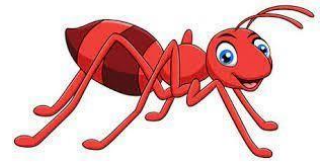

3. Analysis/Discussion

Activity 1. Recognizing Individual Sounds within a word.

When we isolate the letters in a word, we can hear its individual sound.

I will say the beginning sound of a word . Listen carefully.

A.The word ant has three different sounds. /**a**/ /**n**/ /**t**/. The beginning sound of the word **ant** is /**a**/.

B. The word ant has three different sounds. /**a**/ /**n**/ /**t**/.

Now, say the sounds with me, /**a**/ /**n**/ /**t**/.

C.Tell me the beginning sound of the word **ant**. Very good. It is /**a**/

Again, what are the sounds of the word ant? /**a**/ /**n**/ /**t**/. (Our turn)

What is the beginning sound of the word **ant**? It is/**a**/.

I will say another sound of a word. Please listen carefully.
(My Turn)

The word **bag** has three different sounds. /**b**/ /**a**/ /**g**/.

The beginning sound of the word **bag** is /**b**/.

A.The word **bag** has three different sounds. /**b**/ /**a**/ /**g**/. (Your turn)

Now, say the sounds with me, /**b**/ /**a**/ /**g**/.

A.Tell me the beginning sound of the word **bag**. Very good. It is /**b**/

Again, what are the sounds of the word **bag**? /b/ /a/ /g/. (Our turn)

What is the beginning sound of the word **bag**? It is /b/.

I will say another sound of the word and please listen carefully. (My Turn)

A. The word **man** has three different sounds. /m/ /a/ /n/.

The beginning sound of the word **man** is /m/.

B. The word **man** has three different sounds. /m/ /a/ /n/. Your turn)

Now, say the sounds with me, /m/ /a/ /n/.

C. Tell me the beginning sound of the word **man**. Very good. It is /m/.

Again, what are the sound of the word **man**? /m/ /a/ /n/. (Our turn)

What is the beginning sound of the word **man**? It is /m/.

4. Guided Practice:

Clear the Board

Pick up all the things that start with /b/.

IV. Evaluation

Phoneme Isolation

Worksheet Beginning Sound Isolation

Activity 1.

Instruction: What is the beginning/initial sound of the picture given.

1.  A. B. C.
__ar

2.  A. B. C.
__at

3.  A. B. C.
__at

4.  A. B. C.
__un

5.  A. B. C.
__an

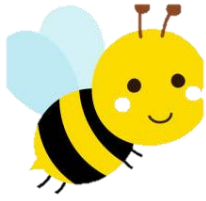

B. Games

Scavenger Hunt: Look for five things that start with the sound /r/.

V. Agreement

Draw/ cut 5 pictures which has an initial sound of letter /r/.

Phoneme Isolation (Middle/Medial

Review:

Show picture of a

What do you call this picture? (**hat**)

Ask the learners to say the sound of each letter. /h/ /a/ /t/ What is the beginning sound of the word hat ? /h/

Developmental Activities

When we isolate the sounds of the words, we can hear the individual sounds in a word.

I will say the sound of the word and please listen carefully. (My Turn)

A. The word **car** has three different sounds.
/c/ /a/ /r/.

The middle sound of the word car is /a/.

B. The word **car** has three different sounds.
/c/ /a/ /r/. (Your turn)

Now, say the sounds with me, /c/ /a/ /r/.

C. Tell me the middle sound of the word **car**. Very good. It is /a/

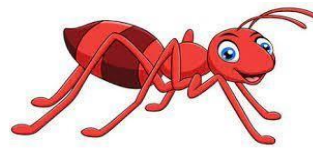

D. Again, what are the sound of the word **car**? /c/ /a/ /r/. (Our turn)

What is the middle sound of the word **car**? It is /a/.

Analysis/Discussion

I will say another sound of a word. Listen carefully. (My Turn)

A. The word **ant** has three different sounds. /a/ /n/ /t/. The middle sound of the word **ant** is /n/.

B. The word **ant** is has three different sounds.

/a/ /n/ /t/. (Your turn)

Now, say the sounds with me, /a/ /n/ /t/.

C. Tell me the middle sound of the word **ant**. Very good. It is /n/

D. Again, what is the sound of the word **ant**? /a/ /n/ /t/. (Our turn)

What is the middle sound of the word **ant**? It is /n/.

Activity 3

I will say another sound of the word and please listen carefully. (My Turn)

A. The word **mat** has three different sounds. /m/ /a/ /t/.

The middle sound of the word **mat** is /a/.

C. The word **mat** has three different sounds.

/m/ /a/ /t/.

(Your turn)

Now, say the sounds with me, /m/ /a/ /t/.

D. Tell me the middle sound of the word **mat**. Very good. It is /a/

E. Again, what is the sound of the word **mat**? /m/ /a/ /t/.
(Our turn)

What is the middle sound of the word **mat**? It is /a/.

Guided Practice:

Speak Whale – like in Finding Nemo- Say the word as Dory would when speaking whale, really stretching it out..." LAAAAAP." Did they hear the /a/ sound?

Generalization

The sounds that will be produced in the middle of the words can be called middle or medial sounds. Say the middle sound of the following pictures.

Evaluation

Phoneme Isolation

. Worksheet Middle Sound Isolation

A. Instruction. What is the middle sound of the picture given?

1.  i__k A. B. C.

2.  r__t A. B. C.

3.  b__y A. B. C.

4.  p__n A. B. C.

5. **10** t__n A. /a/ B. /e/ C. /i/

B. Directions: Look at the pictures. Spell each word using the letter clues.

1.

k		t
---	--	---

2.

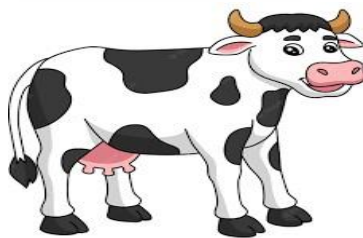

r		g
---	--	---

3.

b		n
---	--	---

4.

c		w
---	--	---

5.

t		n
---	--	---

a	e	i	o	u
---	---	---	---	---

V. Agreement

Draw or cut 5 pictures which has an initial sound of /a/

Activity 3. Phoneme Isolation

Ending/ Final Sounds Isolation

Review

Show picture of a

What do you call this picture? (**hat**)

Ask the learners to say the sounds/ of each letter. /h/ /a/ /t/

What is the beginning sound of the word? The middle sound?

Developmental activities

When we isolate the sounds of the words, we can hear the individual sounds in a word.

I will say the sounds of the word and please listen carefully.

A. The word **tap** has three different sounds.

/t/ /a/ /p/.

The ending sound of the word tap is /p/.

B. The word tap has three different sounds. /t/ /a/ /p/.

Now, say the sounds with me, /t/ /a/ /p/.

C. Tell me the ending sound of the word **tap**. Very good. It is /p/

D. Again, what is the sound of the word **tap**? /t/ /a/ /p/.

What is the ending sound of the word **tap**? It is /p/.

Analysis/Discussion

I will say another sound of word and please listen carefully. (My Turn)

A. The word **ink** has three different sounds of the word /i/ /n/ /k/.

The ending sound of the word **ink** is /k/.

B. The word **ink** has three different sounds.
/i/ /n/ /k/. (Your turn)

Now, say the sounds with me, /i/ /n/ /k/.

C. Tell me the ending sound of the word **ink**. Very good. It is /k/

D. Again, what is the sound of the word **ink**? /i/ /n/ /k/.
(Our turn)

What is the ending sound of the word **ink**? It is /k/

Activity 3

I will say another sounds of word and please listen carefully. (My Turn)

A. The word **box** has three different sounds. /b/ /o/ /x/.
The ending sound of **box** is /x/.

B. The word **box** has three different sounds.
/b/ /o/ /x/.

(Your turn)

Now, say the sounds with me, **/b/ /o/ /x/.**

C. Tell me the ending sound of the word **box**. Very good.
It is **/x/.**

D. Again, what is the sound of **box**? **/b/ /o/ /x/.**

(Our turn)

What is the ending sound of the word **box**? It is **/x/.**

Guided Practice:

Games:

Toy Thief is one of my most favorite phoneme isolation games. Tape 5-7 pictures/ toys to a door. Have your child rescue the ones by their ending sound. Keep in mind that words like “horse “have an ending sound of /s/. Call out, “Rescue the animal with the ending sound /t/.

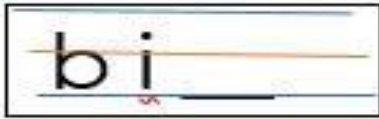

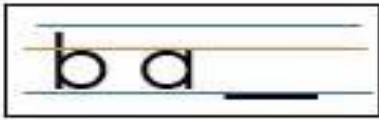

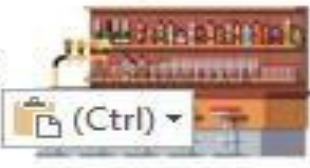

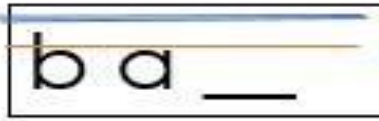

Generalization: The sounds that will be produced in the end of the words can be called as ending or final sounds.

IV. Evaluation

Phoneme Isolation

Worksheet Ending Sound Isolation

Activity 1: Write the missing letter.

1.  
2.  
3.  
4.  
5.  

Phoneme Identification

Phoneme identity which requires recognizing the common sound in different words, for example, "Tell me the sound that is the same in bike, boy and bell" (/b/).

Identifying phonemes is important because it requires readers to notice how letters represent sounds. It primes readers for print. It gives readers a way to approach sounding out and reading new words. It helps readers understand the alphabetic principle

Initial phonemes are the first sound in a word like the /h/ in hat or the /ch/ in chair.

What sound is the same in man, mop, and mill?

- The first sound, /m/, is the same.

Lesson: PHONEME IDENTIFICATION 3 days

Topic: Identifying Phoneme

I. Objective

At the end of the lesson the pupils are expected to:

- A. Identify the phonemes within each word.
- B. Recognize the common sound in different words.
- C. Identify the beginning, middle and final phoneme in the given name of the picture.

II. Subject Matter

Phoneme Identification

References:

K to 12 Curriculum Guide for Language and Literacy Grade 1

Matatag Curriculum

Materials:

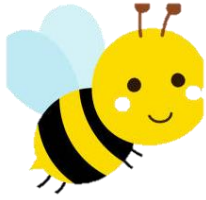

pictures, activity sheets

E. Value: Cooperation

III. Procedure

A. Preparatory Activities

Let the pupils answer the Pretest. Distribute to them the learning activity sheets.

Activity 4: Initial Phoneme Identification

1. **Motivation:**

Show different pictures to the pupils and say....

This is a mat .

This is a milk.

This is a moon.

2. **Developmental activities:**

Let the pupils say the name of the picture

mat, milk , moon

Emphasize the initial sound

Call a pupil, let him/her name the picture.

mat, milk , moon

Ask: Did you hear a sound?

What sound do you hear at the beginning?

Do they have the same initial sound?

What sound do they all have the same?

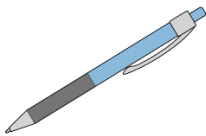

This morning/afternoon, we are going to know the name of the picture that has the same initial or beginning sound.

The strategy that we have is phoneme identification or identifying the initial or beginning phoneme to be exact.

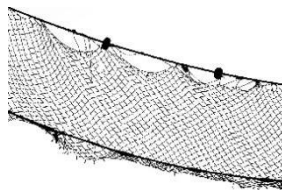

3. **Analysis/Discussion**

Give another example:

Show another picture.

sit

pin

mix

Can you pick up the pictures that has the same medial sound?

What is their medial sound?

The teacher will give more examples.

4. **Practice**

Distribute to the pupils the activity sheets and let them answer activity .

Activity 1. Connect Me

Direction: Draw a line to the picture that has same initial or beginning sound.

1.

2.

3.

4.

5.

5. Generalization

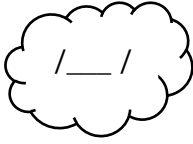

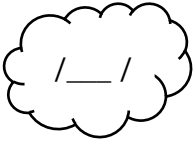

What is Phoneme Identification?

Phoneme identification is the ability to recognize the common sound in different words.

IV. Evaluation

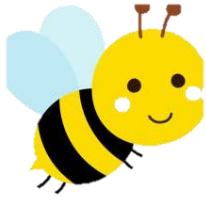

Activity 2. Identify Me

Direction: Name each picture and identify the common sound that they have. Write your answer inside the cloud.

1.	 man	 cup	 mop	
2.	 can	 cut	 cow	
3.	 hat	 hug	 ham	
4.	 kid	 key	 kit	
5.	 run	 rat	 red	

V. Agreement

Think three words that has initial sound of /s/ and draw it.

Activity 5: Medial Phoneme Identification

1. Review:

Listen to the teacher carefully. Identify the common sound that the following words have.

nut net nip

bed bad bit

tip tap tud

2. Motivation:

Show different pictures to the pupils and say....

This is a can .

This is a bag.

This is a map.

3. Developmental activities:

Let the pupils say the name of the picture

can, bag , map

Emphasize the medial sound

Call a pupil, let him/her name the picture.

can, bag , map

Ask: Did you hear a sound?

What sound do you hear at the middle?

What sound do they all have the same?

This morning/afternoon, we are going to know the medial sound of the name of each picture.

4. Analysis/Discussion

A. Instructions: Give another example.

Show another picture.

sit

pin

six

Say: Can you pick up the pictures that has the same medial sound?

What is their medial sound?

B. The teacher will give more examples .

pig dog mit

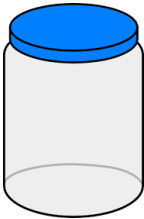

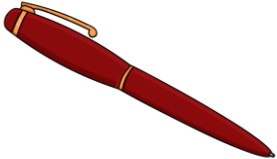

What word has different medial sound?

Can you give a word that has the same medial sound?

5. Practice

Activity 3. Circle Me

Directions: Name each picture and identify its medial sound. Then, encircle the picture that has different medial sound.

1.			
2.			
3.			
4.			
5.			

6. Generalization

In identifying the phoneme we should hear the sound carefully so that we can be able to identify phoneme correctly.

IV. Evaluation

Activity 4. Check Me

Directions: Read each word below. Put a check (/) to the words that have the same medial sound as the picture.

Nun

mat

tub

gun

hut

jog

V. Agreement

Direction: Write 5 words that has the same medial sound.

1.

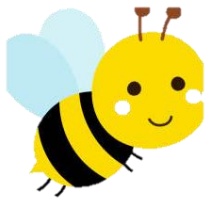

2.

3.

4.

5.

Activity 6: Final Phoneme Identification

1. Review: (Oral Activity)

Directions: Name each picture and identify its medial sound.

1.

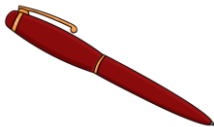

2.

3.

4.

5.

2. Motivation:

Show different pictures to the pupils and say....

This is a wax .

This is a box.

This is a six.

3. Developmental activities:

Let the pupils say the name of the picture

wax

box

six

(Emphasize the final sound)

Call a pupil, let him/her name the picture.

wax box six

Ask: Did you hear a sound?

What final sound did you hear?

Do they have the same final sound?

This morning/afternoon, we are going to discuss the final sound of the name of each picture. Final sound means the last sound you hear.

4. Analysis/Discussion

Give another example:

Show another picture.

kit

ham

bat

Name the picture.

Can you pick up the pictures that has the same final sound?

What is their final sound?

The teacher will give more examples .

pan can lap

What word has the same final sound?

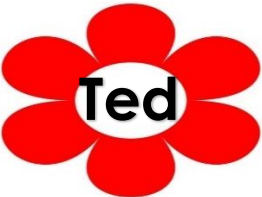

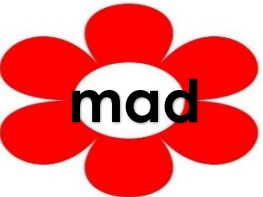

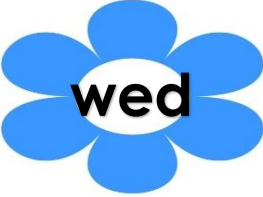

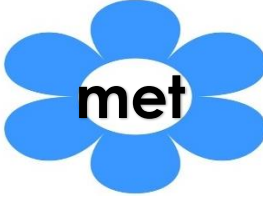

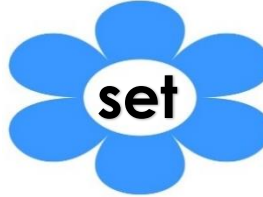

Can you give a word that has the same final sound?

5. Practice

Distribute to the pupils the activity sheets and let them answer the activity 5. Box Me.

Activity 5. Check Me

Directions: Listen to the teacher carefully. Box the three flowers that has the same final sound.

1.  **bed**  **Ted**  **mad**  **bib**
2.  **mop**  **lip**  **pet**  **map**
3.  **wed**  **yet**  **met**  **set**
4.  **cab**  **ham**  **lab**  **nab**
5.  **sip**  **hip**  **hat**  **hop**

5. Generalization

In identifying the final phoneme is the last sound you hear.

IV. Evaluation

Activity 6. Color Me

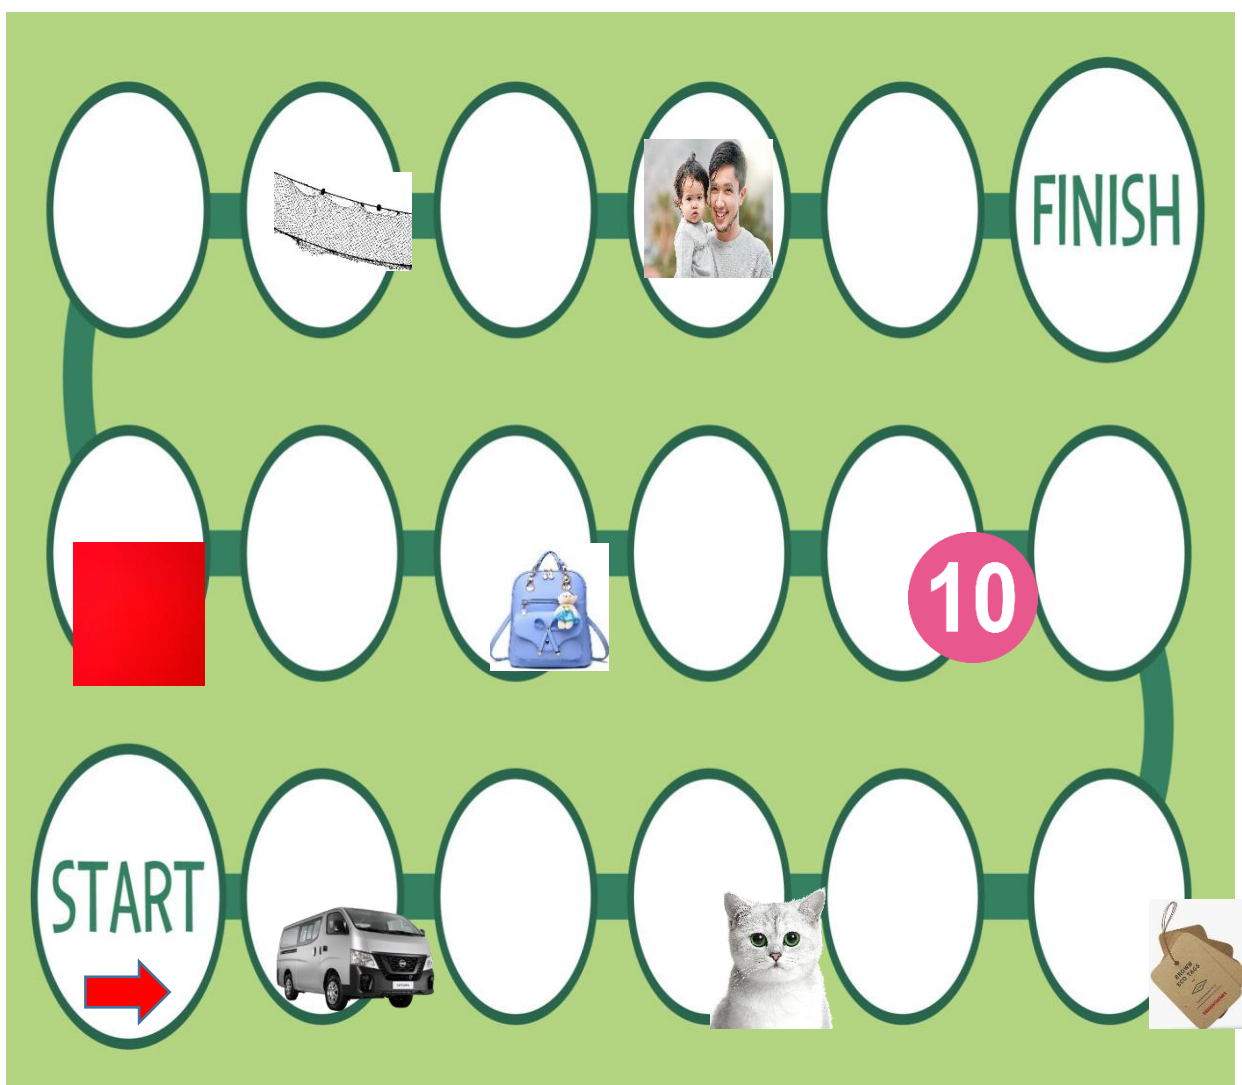

Directions: Listen to your teacher and look at the picture carefully. Know its name and its final sound. Color the circle beside the drawing.

Color it red if
has /n/ final
sound

Color it blue
if has /g/
final sound

Color it yellow
if has /d/ final
sound

Color it black
if has /t/ final
sound

PHONEME

CATEGORIZATION

Phoneme Categorization:

Students can learn to identify individual phonemes in words and develop phonemic awareness by using the phoneme categorization strategy. Here, students are supposed to point out words or images that sound "odd" or different from the rest of the group in the initial, medial, or final sounds.

There are three components to this strategy:

- Primary Phonemic Arrangement
- Medial Phonemic Arrangement
- Complete Phonemic Arrangement

Children's phonemic awareness will increase as a result of the strategy's division, making it easier for them to learn the sounds.

Lesson: PHONEME CATEGORIZATION (3 days)

Topic: Categorizing Phoneme

I. Objective

At the end of the lesson the pupils are expected to:

- identify the words and pictures that have the odd or different initial sounds.
- identify the words and pictures that have the odd or different medial sounds.
- identify the words and pictures that have the odd or different final sounds

II. References:

K to 12 Curriculum Guide for Mother Tongue Grade 1

Materials:

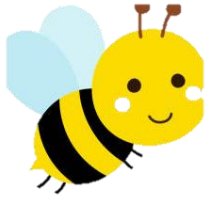

pictures, activity sheets

Value: Cooperation

III. Procedure

A. Preparatory Activities

Distribute the activity sheets for the pre-test. Give instructions on how to answer it.

Activity 7: INITIAL PHONEME CATEGORIZATION

1. Motivation

Instructions: Show the following pictures and ask:

- a. What do you see in the first picture? sky
- b. How about the second picture? sun
- c. How about the third? Rabbit
- d. What have you observed in the given pictures?

(the teacher will say again the name of the pictures emphasizing their initial sound)

- e. Which picture do not belong to the set?

Unlocking

Read the following and understand.

Initial- beginning, phoneme sound

2. Presentation

This time, you will be learning about Initial Phoneme Categorization. It is identifying the words and pictures that have the different beginning sound.

Example: ball bat ~~can~~

3. Discussion

Show a set of words.

What have you observed in the set of words?

Can you point out the word that does not belong to the group? (call a learner to give the answer)

The teacher will give more examples.
(sun, rain seed), (can cat ball)
(table key kite)

4. Practice

Activity 1

Encircle the word with different initial sound.

- | | | | |
|----|------|--------|-----|
| 1. | sat | sag | rug |
| 2. | ham | hat | man |
| 3. | bell | rang | bus |
| 4. | van | tell | tan |
| 5. | milk | butter | bug |

5. Generalization

What is initial categorization?

Initial phoneme categorization is identifying words and pictures in the group that different initial sound.

IV. Evaluation

Name: _____

Activity 2

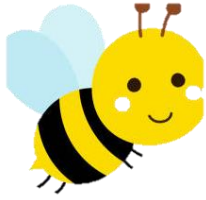

Which picture does not belong to the group based on their Initial sound?

6. Agreement

Directions: Draw the following in your notebook and box the one that does not belong to the group.

fish flower fan pen

Activity 8: Medial Phoneme Categorization

1. Review: Call a learner and ask:

Directions: Listen to me as I read the following words and tell which word does not belong to the group.

ant box ax apple

The teacher will say again the words,

ant.....box.....ax.....apple...

Say: Which word does not belong in the group?

2. Motivation

Listen as I will sing a short song.

The mat is on the ground, (2x)

Hey, yoh, the deriyoh, the mat is in the ground.

(The teacher will change the first line of the song into another sentences:

The hen is on the mat,

The hen has a can

What is on the ground? mat

What is on the mat? hen

What the hen has? Can

The teacher will tell the class the names of the pictures given.

This is a can.

This is a hen.

This is a mat.

Say: What is the medial/middle sound of the underlined words?

Instructions: The teacher will show again the words presented.

can hen mat

Which word does not belong to the group?

3. Discussion

Instructions: The teacher will present another set of words.

pen bat ten

What word has a different medial sound?

What medial sound can we hear in the words pen and ten?

The medial sound of pen and ten is /e/.....

Everybody says /e/.....

The word bat does not have the sound /e/ in the middle but instead it has the sound /a/, making it different from the group.

Let sound off the /a/.....Say it..../a/.....

The teacher will give more examples.

4. Practice

Activity 1

Instruction: Circle the picture that has the different medial sound and write it in the box provided same as the given example.

example	 cat	 rings	 cap
1	 rug	 cup	 cap
2	 bird	 well	 bell
3	 hut	 boy	 pot
4	 well	 pin	 grill
5	 fan	 cat	 key

5. Generalization

Medial phoneme is a sound found in the middle of the Word between initial and final sound.

Medial phoneme categorization is identifying words and pictures in the group which have the different medial sounds.

IV. Evaluation

Name: _____

Activity 2

Box the word that has the different medial sound.

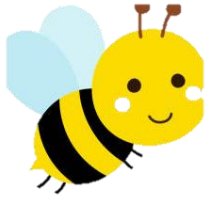

1. rap mut cat
2. rig fit met
3. sale seal heat
4. wake meet late
5. shout about hoot

6. Agreement

Directions: Draw a heart to each word that has a different medial sound.

Example:

- | | | | |
|----|-------|------|-------|
| | sun | hut | ♥ mop |
| 1. | way | key | man |
| 2. | hut | sun | map |
| 3. | house | meat | seat |
| 4. | ball | mall | tell |
| 5. | can | hen | man |

Activity 9: Final Phoneme Categorization

1. Review

Directions: Give the words that have the different medial sound.

- | | | |
|--------|-----|-----|
| 1. Sam | rat | sit |
| 2. wit | kin | may |
| 3. ray | say | key |

2. Motivation: Activity by group

Look at the pictures and arrange the scrambled letters written below them. The group that can get the correct answer receives a price.

Tpo

ahT

umg

3. Developmental Activities

Instruction: Show to the children a set of words.

Instruction: Ask the learners to read the words.

Say: What do you observe in the final sounds of the words?

4. Discussion

Instructions: Show the pictures to the children.

well

bird

ball

The teacher will say again the names of the pictures emphasizing the ending sound.

Say: What do you hear at the end of the two words well and ball?

How about the final/ending sound of the word *bird*?

Among the three words, which has the different final sound?

Let us say altogether the word *bird*.....*bird*.....

The ending sound is?/d/.....

This makes it different among the three words.

5. Practice

Activity 1

Put an X to the word that does not belong to the group.

6. Generalization

Final phoneme categorization is identifying words and pictures in the group which have the different final sounds.

IV. Evaluation

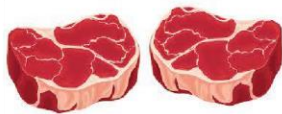

Name: _____

Activity 2

Direction: Make 5 groups. Each group will be given a task to do.

Gr-1 and 2- Arrange the scrambled pictures to get their correct forms and paste them on a paper. Then, encircle the one that has the different final sound. (the teacher will cut the pictures into different forms and scrambled them.)

Gr.1

Gr.2

Group 3 and 4 - Arrange the scrambled letters below the pictures. Then, check the picture that has a different final sound.

3.

anf

ekal

caek

4.

5.

nip

ikt

ellb

V. Agreement

- . Directions: Underline the words that have the different final sound.

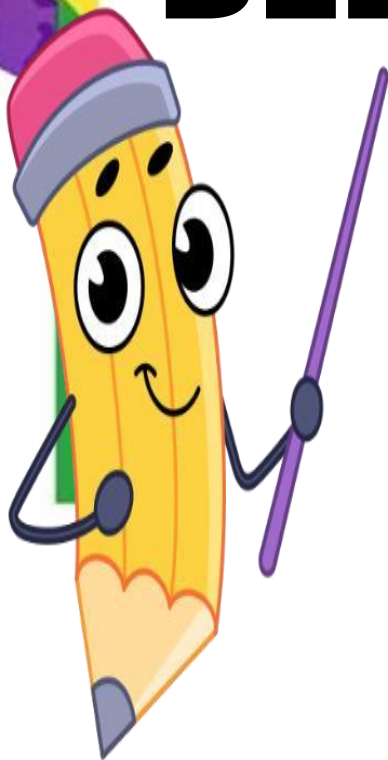

- | | | | |
|----|-------|-------|--------|
| 1. | sweet | hit | ram |
| 2. | bag | rag | bin |
| 3. | pad | paper | zipper |
| 4. | hay | toy | wall |
| 5. | lock | ot | stick |

.

.

PHONEME BLENDING

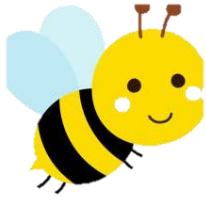

The capacity to hear, recognize, manipulate or alter the sounds or phonemes, that make up spoken word is known as phonemic awareness. One fundamental ability that helps learners prepare to become readers is phonemic awareness. Typically, phonemic awareness is taught in kindergarten and the first few months of first grade.

The ability to hear each sound in a word separately, combine the sounds and produce the created word is known as phoneme blending.

When a learner hears the sounds /sss/, /aaa/, /nnn/, and /d/, for instance, they will say the word "sand." The ability of a learner to combine three sounds to form a word without the use of alphabet letters is known as "blending." For instance, if you say /h/ /a/ /t/, a child will say "hat."

In order to improve reading comprehension, is crucial. A child who is proficient at blending sounds will eventually be able to recognize the letters in words, consider the sounds the letters make, and combine sounds to form words. Youngsters who are proficient in phonemic awareness are more literate.

Activity 10: YOU PUT ME TOGETHER

Motivation:

Show different pictures to the pupils and let them say their sounds.

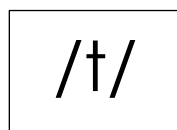

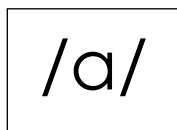

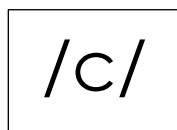

Ask them some animals or things and let them say the sounds they produce.

Tell to the pupils that different things and animals have its own different sounds.

Developmental activities:

Show cards containing the letter and say to them letter sound.

Have a review on the different letter sounds.

Analysis/Discussion

Show the picture to the pupils

Say:

Ask the pupils what is the picture.

Tell them that the word cat is composed of three letters with different sounds. They blend together to form a word.

Say the sound first: (I do)

/c/ /a/ /t/ ➡ cat

Say the sound with the pupils: (we do)

/c/ /a/ /t/ ➡ cat

Let the pupils say the sound by themselves: (you do)

/c/a/ t/ ➡ cat

Show another picture to the pupils and ask:

What is the picture?

Say the sound first: (I do)

/h/ /a/ /t/ ➡ hat

Say the sound with the pupils: (we do)

/h/ /a/ /t/ ➡ hat

Let the pupils say the sound by themselves: (you do)

/h/ /a/ /t/ ➡ hat

Do the same with the words **cap, mat, dog, cab, can, map, hen and fan.**

Practice

Distribute to the pupils the activity sheets and let them pupils answer the activity 1. **You Put me Together.**

Phoneme Blending

Activity 10: YOU PUT ME TOGETHER

Activity 1. Put the sounds together for each group of sounds below that I say. Check the box of your correct answer.

	/p/ /i/ /g/	☐ bag ☐ pig
	/l/ /a/ /m/ /p/	☐ lamp ☐ ham
	/b/ /e/ /l/ /t/	☐ bend ☐ belt
	/p/ /e/ /g/	☐ pan ☐ peg
 Generalization What is Phoneme Blending?	/d/ /o/ /g/	☐ dog ☐ tag

Conclusion: Phoneme blending is the ability to hear the individual sounds in a word, put the sounds together, and say the word that is made.

Evaluation

Phoneme Blending

Activity 10: BLEND AND READ

Directions; produce the sound of each letter and blend to form a word.

BLEND	READ
/c/ /a/ /n/ ● ● ●	can
/p/ /e/ /n/ ● ● ●	pen
/h/ /a/ /t/ ● ● ●	hat
/c/ /a/ /t/ ● ● ●	cat
/h/ /e/ /n/ ● ● ●	hen

Agreement

Name: _____

Directions: Blend the sounds together to form the complete word.
Write the full word on the space provided.

1. /b/ /i/ /t/

bit

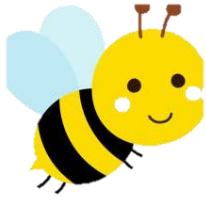

2. /p/ /e/ /t/

3. /m/ /a/ /n/

4. /p/ /u/ /t/

5. /s/ /i/ /t/

Activity 11: Beginning Consonant Phoneme Blending

Review:

Show picture of a cat

/c/ /a/ /t/ → cat

Ask the pupils to blend the different sounds of the letters to form a word cat.

Motivation

Let the learners sing the song

*Little playmates dance with me
Both my hands I gave to thee
1,2,3, 1,2,3 dance around so merrily
With your hands go **clap! clap! clap!**
With your feet go **stamp! stamp! stamp!**
1,2,3, 1,2,3 dance around so merrily.*

Developmental activities:

Now let's identify words from the song with initial consonant blend

/cl/ /a/ /p/ → Clap

/st/ /a/ /m/ /p/ → stamp

Say:

We blend initial consonant letters with vowels in forming phoneme.

Analysis/Discussion

Show the picture to the pupils

Say:

Ask the pupils what is the picture.

Tell them that the word **clap** is composed of four letters with different sounds and the initial blend is consonant. They blend together to form a word **clap**.

Say the sound first: (we do)

/cl/ /i/ /g/ ➡ **twig**

Say the sound with the pupils: (we do)

/tw/ /i/ /g/ ➡ **twig**

Let the pupils say the sound by themselves: (you do)

/tw/ /i/ /g/ ➡ **twig**

Show more pictures to the pupils and ask:

Practice

Distribute to the pupils the activity sheets and let them pupils answer the Activity 1. **You Math Me**

Phoneme Blending

Activity 11: MATCH ME

Direction: Match the sound I make to the correct picture. Encircle your answer.

/sh/ /i/ /p/ ship		
/c/ /a/ /t/ cat		
/fl/ /a/ /g/ flag		
/tr/ /e/ /e/ tree		
/st/ /a/ /r/ star		

Conclusion

What is Phoneme Blending?

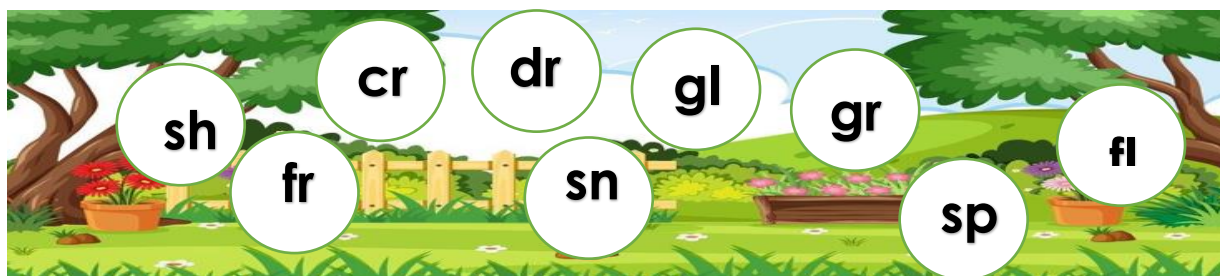

Phoneme blending is the ability to hear the individual sounds in a word, put the sounds together, and say the word that is made.

Evaluation

Phoneme Blending

Activity 11: BLEND HUNT

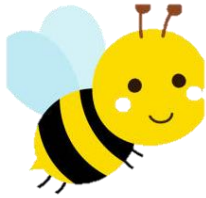

Directions: Hunt to complete the word by finding the consonant blend from the list to complete the word.

 ____ ider	 ____ apes
 ____ ess	 ____ ab
 ____ og	 ____ ass
 ____ oes	 ____ ail
 ____ ower	 ____ ass

Agreement

Think and list of letters. Say their sounds and form 5 words. Write it on your paper.

Activity 12: Ending Consonant Phoneme Blending

Review:

Show picture of hands clapping

/cl/ /a/ /p/ → clap

Ask the pupils to blend the different sounds of the letter to form a word clap.

Give more examples:

Developmental activities:

Show cards containing the letter and say to them letter sound.

/m/

/i/

/lk/

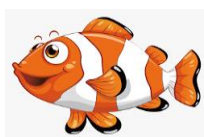

→ milk

Tell to the pupils:

We blend final consonant letters with vowels in forming phoneme.

Analysis/Discussion

Show the picture to the pupils:

fish

Ask the pupils what is the picture.

Tell them that the word **fish** is composed of four letters with different sounds and the blend is consonant. They blend together to form a word **fish**.

Say the sound first: (we do)

/f/ /i/ /sh/ ➡ **fish**

Say the sound with the pupils: (we do)

/f/ /i/ /sh/ ➡ **fish**

Let the pupils say the sound by themselves: (you do)

/f/ /i/ /sh/ ➡ **fish**

Show more pictures to the pupils and ask.

Practice

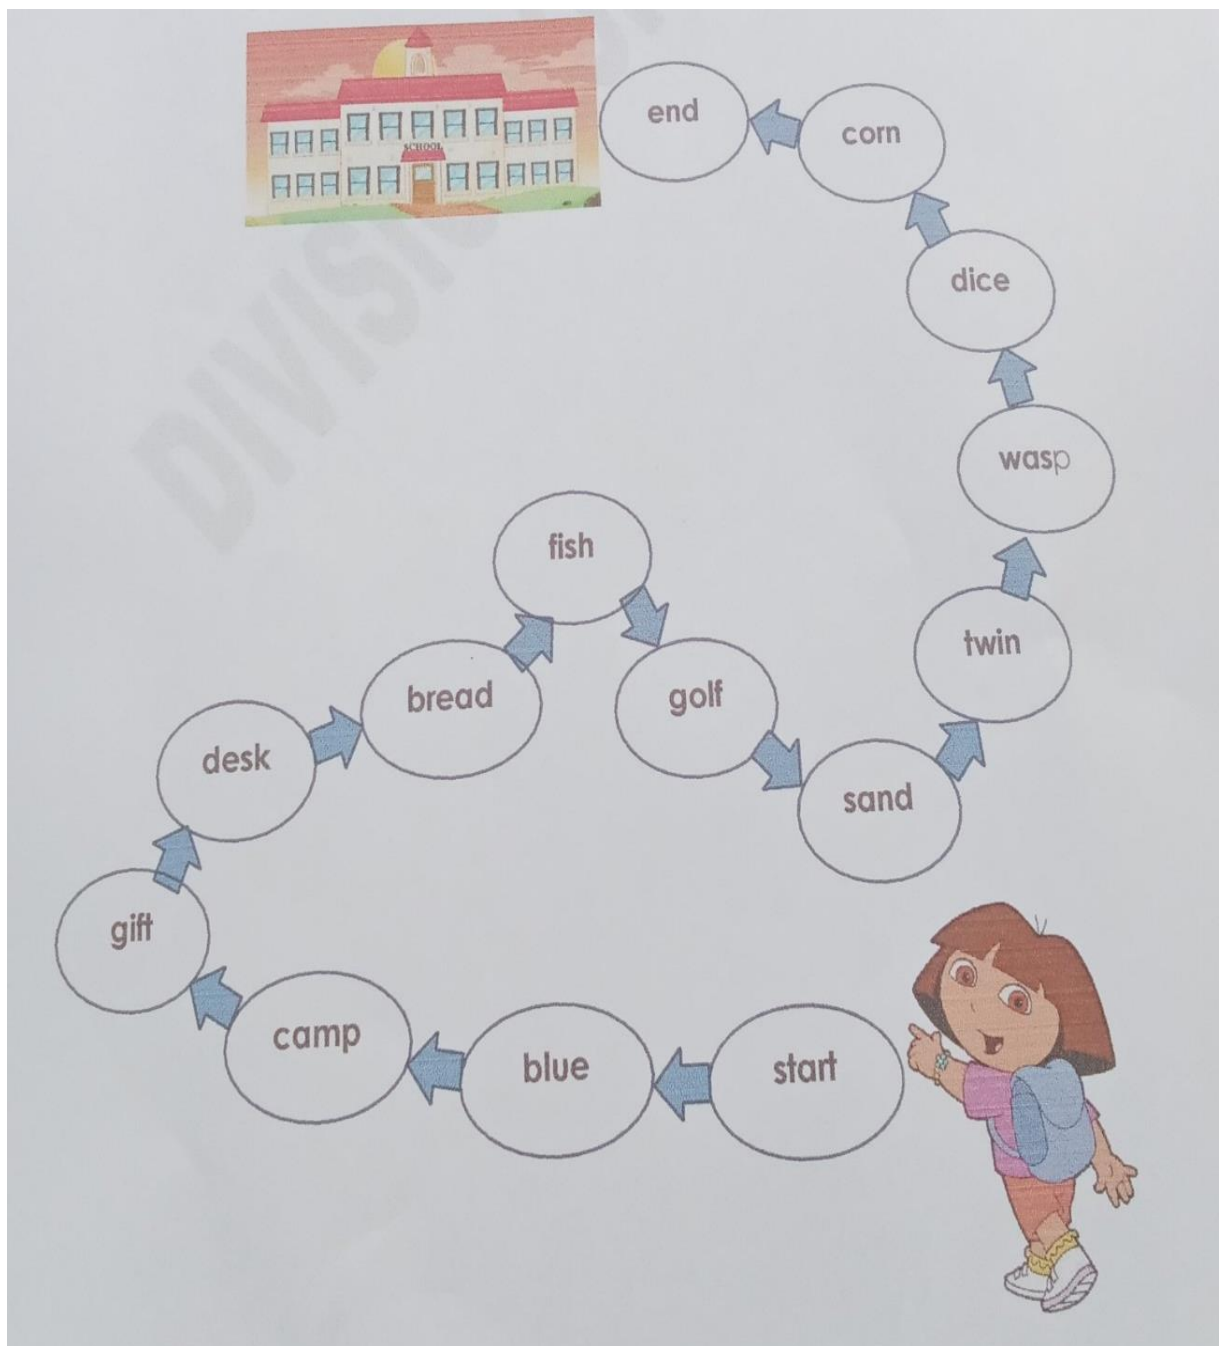

Distribute to the pupils the activity sheets and let them answer the activity

Help Me Up

Phoneme Blending

Activity 12: HELP ME UP!

Directions: Help Dora in going to school by coloring the word with final consonant blend.

Conclusion

What is Phoneme Blending?

Phoneme blending is the ability to hear the individual sounds in a word, put the sounds together, and say the word that is made.

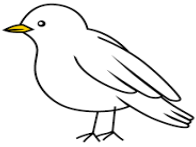

Evaluation

Phoneme Blending

Activity 12: YOU COMPLETE

Directions: Complete the word with the correct final consonant blend.

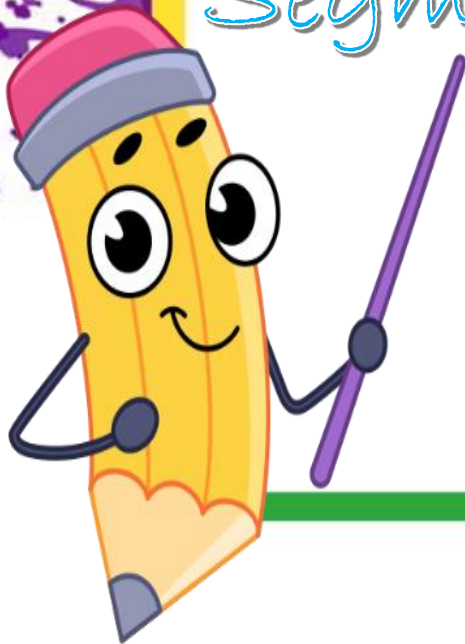

ck rl rd lk rn	ck nd sk lt nt
 sa _ _	 bla _ _
 bi _ _	 ma _ _
 mi _ _	 sa _ _
 ho _ _	 be _
 gi _ _	 te _ _

Agreement

Think and list of letters. Say their sounds and form 5 words.

Write your answer on your paper.

Phoneme Segmentation

Phoneme segmentation means breaking a word apart into its component sounds. Phonemes are basic elements that make up spoken language. Phoneme segmentation helps students focus on these phonemes and their relationships with each other.

The ability to break words into their individual sounds allows students to begin decoding the written language and reading.

For example, let's look at the word "map." To segment this word, we must identify each individual sound in the word. We can break this down into three sounds /m/ /a/ /p/.

Phoneme segmentation is essential for all students, but it is especially crucial for early readers. Kindergarteners need a lot of practice and repetition to master this skill.

Students must break down words into their basic phonemic sounds and then connect those sounds before they can begin reading read fluently. The reader must know what sounds the letters make and blend them together to read a word. To spell a word, a student must segment a word into sounds and then figure out what letters or groups of letters make that sound.

Phoneme segmentation should be taught as soon as students are familiar with letters and the sounds they make. In most cases, this will be in kindergarten or first grade. They also need to have worked on Phonemic awareness skills

Lesson: PHONEME SEGMENTATION 2 days

Topic: Segmenting Phoneme

I. Objective

At the end of the lesson the pupils are expected to:

- A. Segment words into individual phonemes (sounds).
- B. Recognize the sound/s in the given word.
- C. Count the sound in each word.

II. Subject Matter

Phoneme Segmentation

References:

K to 12 Curriculum Guide for Mother Tongue Grade 1

Materials:

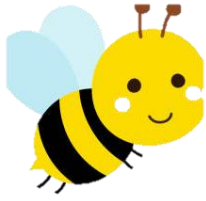

pictures, activity sheets

E. Value: Cooperation

III. Procedure

A. Preparatory Activities

Instructions: Let the learners answer the Pretest. Distribute to them the learning activity sheets.

Activity 13: Phoneme Segmenting

1. Motivation:

Show this picture to the pupils and say....

This is a cat.

A cat..... cat.... /c/ /a/ / t/

2. Developmental activities:

Let the pupils say the name of the picture

A cat..... A cat..... /c/ /a/ / t/

Emphasize each sound of the word.

Call a pupil, let him/her name the picture.

A cat..... A cat..... /c/ /a/ / t/

Ask: Did you hear a sound?

What sound do you hear at the beginning?

What sound do you hear at the middle?

What sound do you hear at the end?

Do they have the same sound?

Today, we are going to practice the sounds we hear in words.

Listen and watch. I'll say the sounds in the word "cat." (Show one

finger for each sound /c/ /a/ /t/

How many fingers did I put up? (Learners should say "three.")

Right, that means "cat" has three sounds.

Now let's try it together. Say the sounds in "cat" with me. (Show one finger for every sound you say. Make sure, the learners follow along with you: /c/ /a/ /t/.)

3. Analysis/Discussion

Give another example:

Show a picture of a leg.

What is this?

If we say leg, what sound do we hear?

Let the pupil say each sound. /l/ /e/ /g/

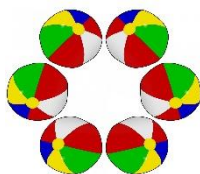

I have here four circles (teacher will draw it on the chalkboard).

Color one circle for every sound that you hear.

Let's try.....

The teacher will give more examples. (*Integration to Math subject*)

Show this picture.

What is this?..... balls

Count how many balls?

There are six balls. Show a picture of six.

The word is six.... Six six....

How many sounds do you hear from the word six?

What sounds is it? /s/ /i/ /x/

Another example:

Look at the picture....

Tell me the name of the picture..... map

Tell me all the sound of the name of the picture. /m/ /a/ /p/

How many sounds did you hear from the word map?

4. Practice

Distribute to the pupils the activity sheets and let them answer activity 1. Color Me

Activity 13.1: Color Me

Directions: Quietly say the name of each picture. Color one circle for every sound that you say.

1. 	○ ○ ○ ○
2. 	○ ○ ○ ○
	○ ○ ○ ○

4. 	○ ○ ○ ○
5. 	○ ○ ○ ○

5. Generalization

What is Phoneme Segmentation?

Phoneme Segmentation is the ability to break words down into individual sounds.

IV. Evaluation

Distribute to the learners the activity sheets and let them answer activity 2. Tell Me

Activity 13. 2: Tell Me

Directions: Look at each picture and tell me every sound of its name.

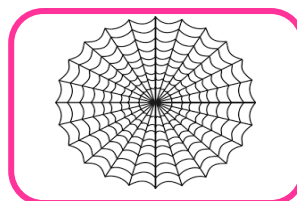

1.

3.

5.

2.

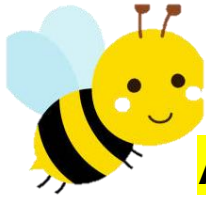

4.

V. Agreement

Give every sound of the following words orally.

1. log =
2. mart=
3. bit =
4. door=
5. sand =

Activity 14: Phoneme Segmenting

1. Review:

Phoneme Jumping

Directions: Prepare a colored paper green, yellow, red and blue on the floor. When the teacher says a word, the learner will jump according to the sounds he/she hears. While jumping to the colored paper he/she will repeat the sound he/she hears. Then after will shout how many moves she/he does.

Example:

lap ⇒     - - - - - shout 3

mask ⇒     - - - - - shout 4

hood ⇒     - - - - - shout 3

Listen to the teacher carefully.

1. hen
2. pit
3. Bert
4. food
5. band

2. Motivation:

Show these pictures to the pupils and say....

This is a wig.

This is a dog.

This is a jar.

Show again the picture and say its name...

Wig.....dog..... jar....

3. Developmental activities:

Let the pupils say the name of the picture

A wig

A dog

A jar

Emphasize each sound of the word

Call a pupil, let him/her name the picture.

wig dog jar

What sounds do you hear from the word wig?

What sounds do you hear from the word dog?

What sounds do you hear from the word jar?

Look at the boxes...

		
A	B	C

Sound this out.

/j/ /a/ /r/..... What picture did I refer to? Is it in A, B or C?

/w/ /i/ /g/..... What picture did I refer to? Is it in A, B or C?

/d/ /o/ /g/.... What picture did I refer to? Is it in A, B or C?

4. Analysis/Discussion

Give another example:

Look at the boxes...

		
A	B	C

Sound this out.

/f/ /a/ /n/..... What picture did I refer to? Is it in A, B or C?

/k/ /i/ /t/..... What picture did I refer to? Is it in A, B or C?

/p/ /e/ /n/.... What picture did I refer to? Is it in A, B or C?

The teacher will give more examples.

Show this picture.

What is this?..... a door

Where can we see a door?.....in our house, in school, in a building.

If we say the word door... How many sound do you hear?

Can you break the word down into their individual sound.

Write each sound in the box. Only use as many boxes as you need.

Example:

door /d/ /o/ /r/

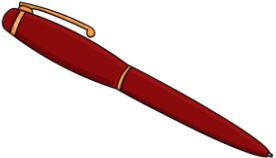

work /w/ /o/ /r/ /k/

5. Practice

Distribute to the learners the activity sheets and let them answer activity 3. Circle Me

Activity 14.1: Circle Me

Directions: Identify the picture and encircle the correct phoneme/sound of every picture.

1. 	/c/ /a/ /r/ /w/ /a/ /r/
2. 	/t/ /e/ /n/ /p/ /e/ /n/
3. 	/b/ /i/ /n/ /t/ /i/ /n/

4. 	/s/ /a/ /n/ /s/ /a/ /n/ /d/
5. 	/f/ /o/ /u/ /r/ /f/ /o/ /r/

5. Generalization

Why Phoneme Segmentation important?

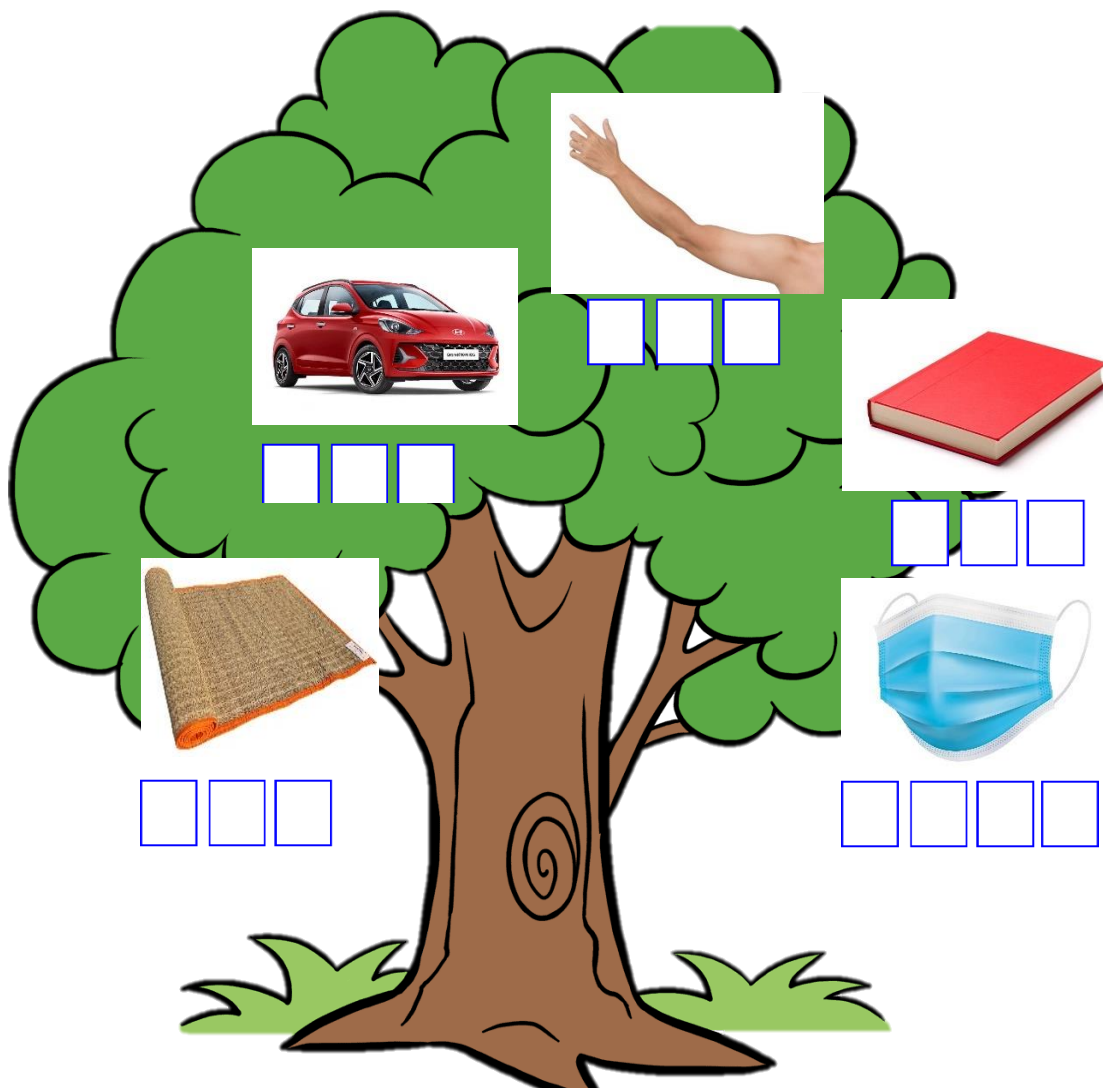

Phoneme segmentation is essential in developing reading and spelling skills.

IV. Evaluation

Distribute to the pupils the activity sheets and let them answer activity 2. Break Me.

Activity 14.2: Break Me

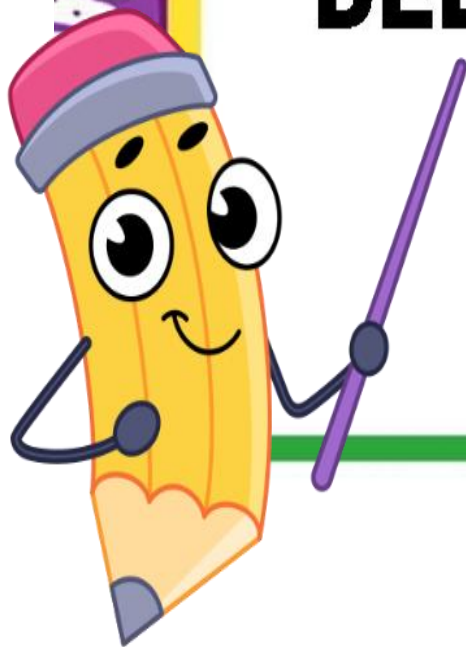

Directions: Break down the words base to their phonemes and write it in the box below.

V. OTHER ACTIVITY

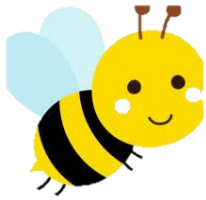

Let the pupil answer the post test.

PHONEME DELETION

PHONEME DELETION is a strategy that helps develop learner's phonemic awareness, which is part of phonological awareness. Phoneme deletion involves having learners manipulate spoken words by deleting specific phonemes. If this task is too difficult initially, you can begin by having learners delete syllables in compound words. Phoneme deletion tasks take place orally without the written word. Phoneme deletion should be taught using direct and explicit instruction, but after such instruction, it can also be reinforced with educational games/ activities. (The Florida Center for Reading Research, FCRR) Phoneme Deletion is the ability to identify how a word would sound if one sound were omitted. This is a very important step in the development of literacy, as well as general language development. Children recognize the word that remains when a phoneme is removed from another word. A child who is proficient in this skill can tell you when the /k/ sound is removed from **cat**, you get **at**.

Activity 15. Phoneme Deletion

Beginning Sound Deletion

Recognizing the word after taking initial sound from a word.

When we take away the initial sound from a word, we can hear another word with another meaning.

MY TURN

These are pants.  When I take away the sound /p/ in the word pants it becomes ants.  The word and the meaning of the word has changed.

pants → **ants.**

I will show you this picture  . What picture is this? What letter should be taken to come up with this  picture?

YOUR TURN

Very good, the picture is spark and /p/ was taken to become park.

spark take away /s/ → **park .**

meat take away /m/ **eat**

Do the two words still have the same meaning when we get a sound /s/? No, they are different now.

Who can now show me another example ?

OUR TURN

take away /m/ →

take way e → at

Guided Practice.

What is the new word , when we take away the first sound ?

Say farm. Now take away the /f/ What word do you get?	  arm
Say leg. Now take away l/. What word do you get?	  egg
Say rice. Now take away /r/. What word do you get?	  ice

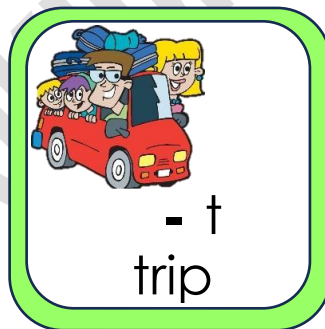

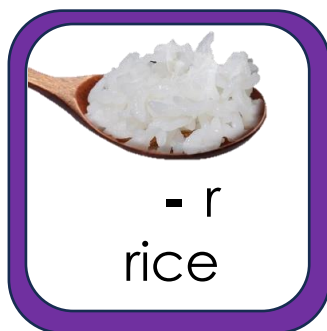

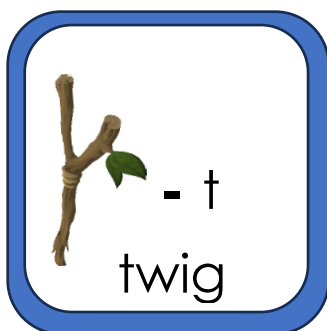

Phoneme Deletion

Activity 15. Worksheet

Name : _____

Exercise A.

Directions: What is the new word after taking away the first sound ?

Exercise B.

Directions. **Listen to the sounds your teacher is saying.**
Blend them together to form a word.

1.		remove /w/ = _____
2.		remove /k/ = _____
3.		remove / m/ = _____
4.		remove / c/ = _____
5.		remove /c/ = _____

Exercise C.

Directions. Remove the beginning sound in these words.

A. Delete the /s/ sound from the following words.

What do you get?

stop= _____ **sand=** _____ **soak=** _____

B. Delete the /t/ sound from the following words.

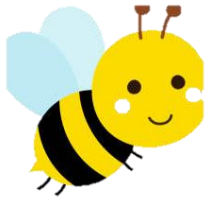

What do you get?

tear= _____ **Train=** _____ **Trap=** _____

C. Delete the /b/ sound from the following words.

What do you get?

Bam= _____ **Bat=** _____ **Bash=** _____

Activity 16. Phoneme Deletion

Ending/Medial Sound Deletion

Recognizing the word after taking medial/final sound from a word.

When we take away the medial/final sound from a word, we can hear another word and the word becomes different and the meaning may differ also.

MY TURN

The teacher will show the picture of a band and ask.

What is the picture?

take away /d/

band

take away /d/

ban

The teacher will show pictures and ask:

What is the picture? Yes, it is. It is the same picture above.

band

take away /b/

and

take away /b/

and

YOUR TURN

Very good, the picture is **band** and /b/ was taken away to become and.

Do the two words still have the same meaning when we get a sound /b/? No, they are different as shown above.

OUR TURN

Who can now show me another example?

take away /t/

cart

take away /t/

car

tent

take away /t/

take away /t/

10

ten

Guided Practice.

What is the new word formed after taking away the final or middle sound ?

Say farm. Now take away the /m/. What word do you get?	far 
Say bend. Now take away /d/. What word do you get? 	Ben 
Say barn. Now take away /n/. What word do you get? 	bar 
Say barn. Now take away /r/. What word do you get? 	ban 

Phoneme Deletion

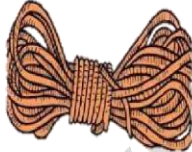

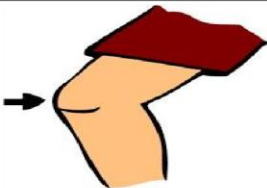

Activity 16. Worksheet

Name: _____

Exercise A.

Directions: Let's find out these words will sound like if we take away a sound.

Word List

“goat “ without the /t/, go	“rope” without the /p/ = row
beak without the /k/, bee	nose without the /s/, no
plate without the /p/, late	team without the /m/, tea
moon without the /n/, moo	Neat without the /n/, eat

Exercise B.

Directions: Listen to the sounds your teacher is saying.
Blend them together to form a new word.

1.		remove /w/ = _____
2.		remove /k/ = _____
3.		remove / m/ = _____
4.		remove / c/ = _____
5.		remove /c/ = _____

Direction: Remove the beginning sound in these words.

A. Delete the /s/ sound from the following words.
What do you get?

stop= _____ **sand**= _____ **soak**= _____

B. Delete the /t/ sound from the following words.
What do you get?

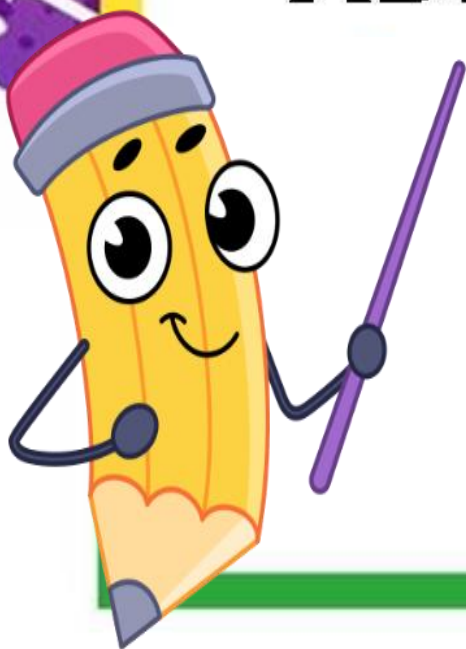

tear= _____ **train**= _____ **trap**= _____

C. Delete the /b/ sound from the following words.
What do you get?

bam= _____ **bat**= _____ **bash**= _____

PHONEME ADDITION

Phonemic awareness is **the ability to hear, identify, move, or change sounds, called phonemes, in spoken words** . Phonemic awareness is an important basic skill that gets learners ready to develop into readers.

Phoneme addition involves adding phonemes to a given word to produce a new word. For instance, starting with the word **we** and adding the phoneme /k/ to the end turns it into week. Phoneme addition can be done with more complex words as well; starting with the word **bell** and adding the phoneme /t/ at the end turns it into **belt**.

Phoneme addition enables the children to create a different word by the addition of a phoneme to an already present word, for instance, the addition of /p/ at the starting of the word 'lane' (McGee & Ukrainetz, 2009). Phoneme addition entails the learners to add one phoneme with a different one to produce a new word, for instance, adding the phoneme /c/ before the word "lip," to produce "clip." The aforementioned activities could be employed to evaluate the capacity of a child to produce the articulated sounds of words.

Teachers have established that timely evaluation of the phonemic awareness proficiencies of pupils bring about applicable and suitable literacy instruction.

Lesson: PHONEME ADDITION 2 days

Topic: Phoneme Addition

I. Objective

At the end of the lesson the learners are expected to:

- A. Add phoneme to a word to form a new word.
- B. Create different words by adding phoneme to the given word.

II. Subject Matter: Phoneme Addition

References:

K to 12 Curriculum Guide for Mother Tongue Grade 1

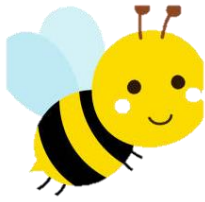

Materials: pictures, activity sheets

Value: Cooperation/Determination

III. Procedure

A. Preparatory Activities

Instruction: Let the learners answer the Pretest. Distribute to them the answer sheet.

Activity 17: Adding phoneme to the end of the word.

1. Motivation:

Teacher says: Name the object and add a phoneme to form a new word.

/t/

cart

Ask the pupils what they can say.

2. Developmental activities:

Have a review on phoneme deletion

Delete the /n/ sound from each word. Then write the new word.

1. bend (bed)

4. lend (led)

2. cant (cat)

5. land (lad)

3. rend (red)

3. Analysis/Discussion

Show the picture to the pupils

/s/

snail

Ask the pupils what is the picture.

Tell them that it is a bell. If we add phoneme /s/ to the word "nail" it changes the meaning of the word to "snail"

Give more examples.

Say the sound and read first: (I do)

/s/ nail → snail

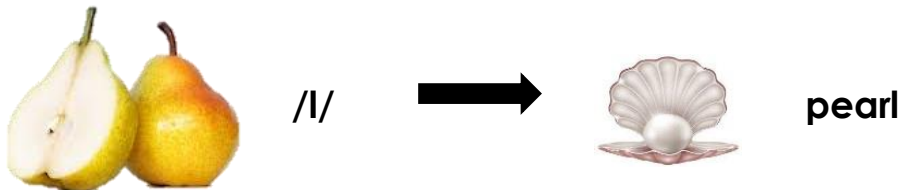

Say the sound and read with the pupils: (we do)

/s/ nail → snail

Let the pupils say the sound and read by themselves: (you do)

/s/ nail → snail

Show another picture to the pupils and ask:

What is the picture?

Say the sound first: (I do)

pear /l/ → pearl

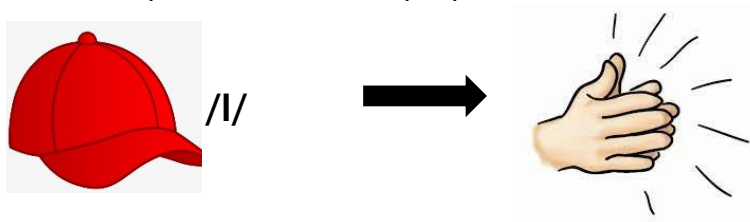

Say the sound with the pupils: (we do)

pear /l/ → pearl

Let the pupils say the sound by themselves: (you do)

pear /l/ → pearl

Show another picture to the pupils and ask:

What is in the picture?

Say the sound first: (I do)

cap /l/ ➡ clap

Say the sound with the pupils: (we do)

cap /l/ ➡ clap

Let the learners say the sound by themselves: (you do)

cap /l/ ➡ clap

Show another picture to the pupils and ask:

/r/ ➡

crane

What is in the picture?

Say the sound first: (I do)

cane /r/ ➡ crane

Say the sound with the pupils: (we do)

cane /r/ ➡ crane

Let the pupils say the sound by themselves: (you do)

cane /r/ ➡ crane

Give more examples.

4. Practice

(Let the learners answer the activity individually or into small group.)

Group the pupils into small group. Distribute the activity sheets and let them answer the activity 1. **You Add Me**

Phoneme Addition

Activity 17: YOU ADD ME

Read the word and add the phoneme in the beginning, middle or end. to form a new word. Write the newly form word on the space provided.

car /t/

ten /t/

cap /l/

cab /r/

car /d/

sick /t/

5. Conclusion

What is Phoneme Addition?

Phoneme addition involves adding phonemes to a given word to produce a new word.

A phoneme can be added in the beginning, middle, or end to form a new word.

IV. Evaluation

Phoneme Addition

Activity 17: YOU LET ME IN

Add the phoneme to the given word to form a new word. Check the box of the correct answer.

fam /r/

☐

farm

☐

cam

plan /t/

☐

rap

☐

plant

for /k/

☐

for

☐

fork

an /t/

☐

ant

☐

arm

gapes /r/

☐

apes

☐

grapes

V. Agreement

List five words and add a phoneme to each to form a new word.

- /t/ ray tray
- 1.
 - 2.
 - 3.
 - 4.
 - 5.

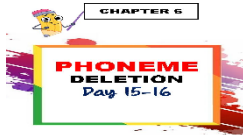

Activity 18: Beginning Consonant Phoneme Blending

1. Motivation:

Teacher says: Name the object in the picture.

Ask the learners to share experience that is related to the picture.

2. Developmental activities

Review:

Show the card to the pupils and let them say the newly formed words.

far

/m/

farm

cat

/r/

cart

pain

/t/

paint

sick

/t/

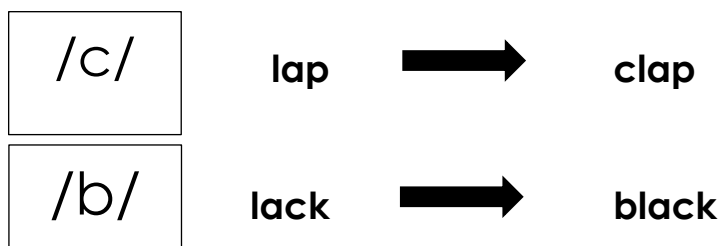

stick

Give more examples.

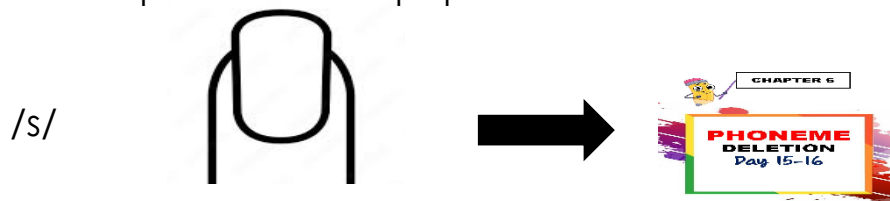

3. Developmental activities:

Show cards containing the letter and say to them the letter sound. Add the phoneme to the given word to form a new word.

Analysis/Discussion

Show the picture to the pupils

Ask the pupils what is in the picture.

Tell them that it is a nail. If we add phoneme /s/ to beginning the word “nail”. We form a new word “snail”.

Say the sound and read first: (I do)

/s/ nail ➔ snail

Say the sound and read with the pupils: (we do)

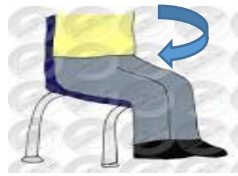

/s/ nail ➔ snail

Let the pupils say the sound and read by themselves: (you do)

/s/ nail ➔ snail

Show another picture to the pupils and ask:

/c/

What is in the picture?

Tell them that it is a lap. If we add phoneme /c/ to beginning the word “lap”. We form a new word “clap”.

Say the sound first: (I do)

/c/ lap ➡ clap

Say the sound with the pupils: (we do)

/c/ lap ➡ clap

Let the pupils say the sound by themselves: (you do)

/c/ lap ➡ clap

Show another picture to the pupils and ask:

/t/

What is the picture?

Tell them that it is a wig. If we add phoneme /t/ to beginning the word “wig”. We form a new word “twig”.

Say the sound first: (I do)

/t/ wig ➡ twig

Say the sound with the pupils: (we do)

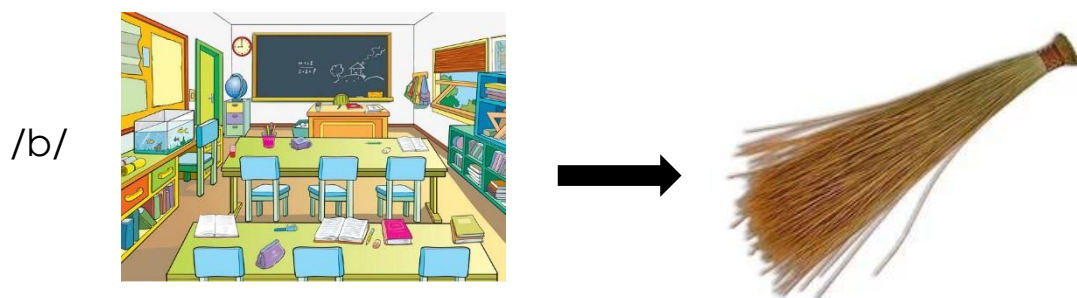

/t/ wig ➡ twig

Let the pupils say the sound by themselves: (you do)

/t/ wig ➡ twig

What is the picture?

Tell them that it is a room. If we add phoneme /b/ to beginning the word "room". We form a new word "broom".

Say the sound first: (I do)

/b/ room ➡ broom

Say the sound with the pupils: (we do)

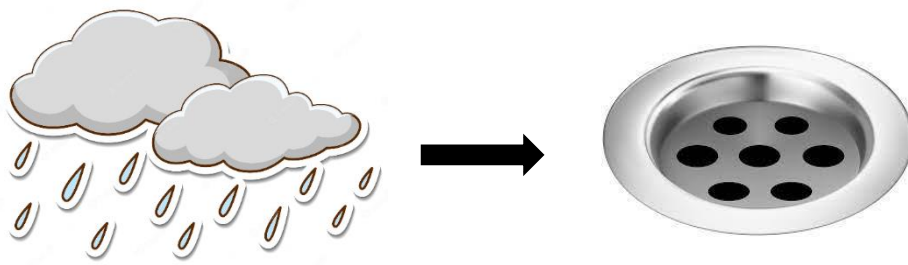

/b/ room ➡ broom

Let the pupils say the sound by themselves: (you do)

/b/ room ➡ broom

What is in the picture?

Tell them that it is a rain. If we add phoneme /d/ to the beginning of the word "rain.": We form a new word "drain."

Say the sound first: (I do)

/d/ rain ➡ drain

Say the sound with the pupils: (we do)

/d/ rain ➡ drain

Let the pupils say the sound by themselves: (you do)

/d/ rain ➡ drain

Give more examples.

Conclusion

What is Phoneme Addition?

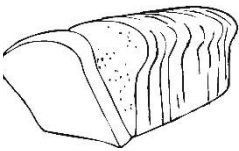

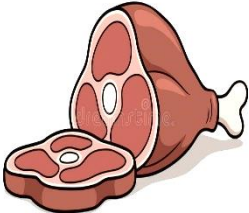

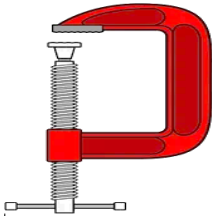

Phoneme addition involves adding phonemes to a given word to produce a new word. A phoneme can be added before the word to form a new word.

IV. Evaluation

Phoneme Addition

Day 18: YOU TRANSFORM ME

Say it and add the phoneme to the given word to make a new word. Write the newly formed word on the space provided.

/c/ rab _____ 	/c/ + rib _____ 
/b/ read _____ 	/m/ eat _____ 
/f/ arm 	/c/ lamp 
/m/+ ask _____ 	/s/ tar _____ 
/c/ + lip _____ 	/d/ rag _____ 

V. Agreement

List five words and add a phoneme to each to form a new word.

/s/ pin spin

1.

2.

3.

4.

5.

Distribute the activity sheets to the pupils and let them answer the post test.

PHONEME

SUBSTITUTION

Day 19-20

Phonemic Awareness is the ability to identify, move, change, and manipulate sounds called phonemes. This is the tiniest unit of a spoken word.

Phonemic awareness is an important basic skill that makes the learner ready to become a reader. When a learner knows how to sound out or manipulate the certain letter of the alphabet, they certainly know how to read it. Phonemic awareness is being taught in early grades preferably Kindergarten or beginning of the first grade. One skill of phonemic awareness is the phoneme substitution.

Phoneme Substitution is a strategy that helps develop a child's phonemic awareness. It involves having the child to manipulate spoken words by changing certain phonemes for others to form a new meaningful word.

There are 2 most common type of phoneme substitution. The beginning and the final phoneme substitution.

Lesson: PHONEME SUBSTITUTION 2 Days

I. Objective

At the end of the lesson the pupils are expected to:

- A. Change the different letter sound to form a new word.
- B. Change consonant phoneme at the beginning in forming new word
- C. Change consonant phoneme at the end of a word to form a new word.

II. Subject Matter

Phoneme Substitution

References

K to 12 Curriculum Guide for Mother Tongue Grade 1
Materials:

Pictures, activity sheets

Value Focus: Attentiveness

Strategy: Explicit Teaching

III. Procedure

A. Preparatory Activity

Distribute the answer sheets and let the learners
answer the pretest.

Activity 19: PHONEME TRADE AND HUNT

A. Motivation

Have a picture parade and let the learners identify the beginning sound they produce when naming the animals or things.

Ask them other examples of animals or things and let them identify the beginning sound.

B. Developmental Activities

Let the learners sing the song "Sounds of the Alphabet"

<https://youtu.be/r2frjzrc5jq>

Have a review on letter sound

C. Discussion (I do)

Show the picture of a cat to the learners. **(I do)**

Say: Look at the picture. What do you see in the picture?

The teacher will say the word “**cat**”. The teacher will sound out each letter of the word cat and say /c/ /a/ /t/.

The word **cat** can be change into rat if we change the beginning sound /c/ into /r/.

The new word that can be form is “**rat**”.

The teacher will show how she changes the letter sound to

We change the beginning sound

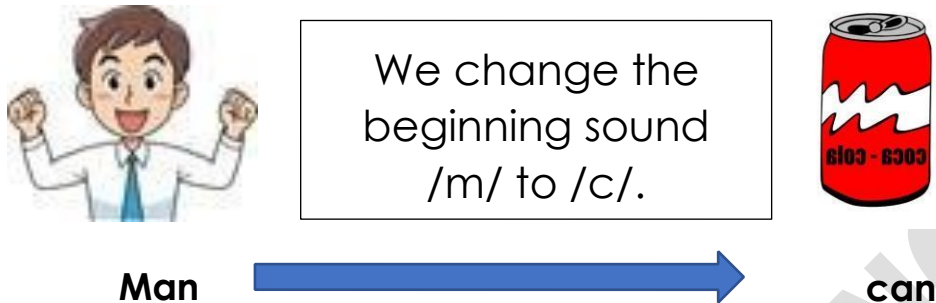

The teacher will show word . And let the learners repeat the word .

(We do)

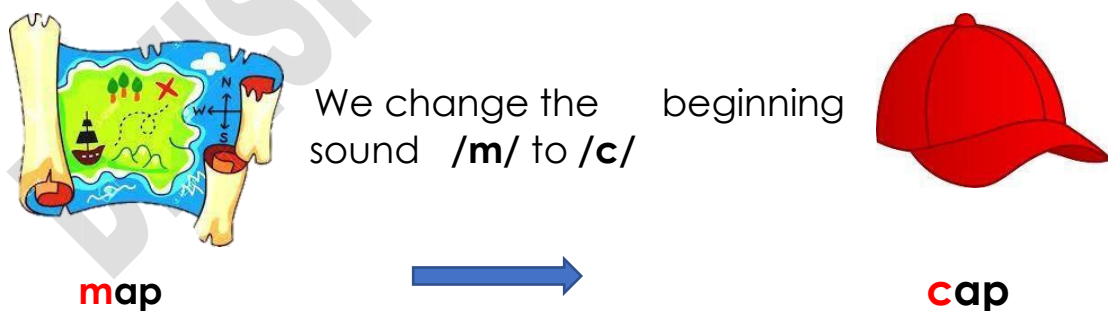

The word is /m/ /a/ /n/ **man**. Say it again? /m/ /a/ /n/ **man**.

The word if we change the beginning sound /m/ in the word man into /c/ it will become can.

Let us say the word again **can**.

The teacher will introduce another word. The word is /m/ /a/ /p/. The teacher will let the pupils write the word map in the chalkboard. Ask a volunteer to read and identify the beginning sound of the word map. Let the pupils change the beginning word. For example, the chosen letter sound is /c/, trade the sound /m/ to /c/.

D. Practice (you do)

Distribute to the learners the activity sheets and let them answer the activity.

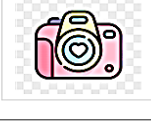

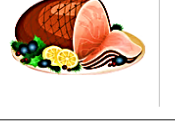

Exercise 1: Change the beginning sound to form a new word.

Name: _____

Activity 1: Phoneme Trade

Directions: Change the beginning sound each word to form a new word that matches the picture. Write your answer in the blank space.

1.)		can		__an
2.)		jar		__ar
3.)		rat		__at
4.)		cap		__ap
5.)		cam		__am

Conclusion:

Beginning Sound Substitution – is the change of initial sound to form a new word.

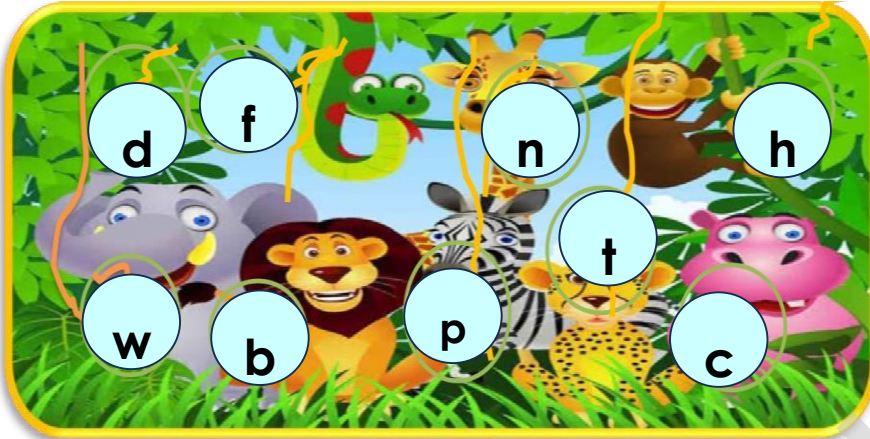

Name: _____

Activity 19.1: Phoneme Hunt

Directions: Change the beginning sound to form a new word.

Choose the letter from the jungle box.

	bat		__ at
	cam		__ am
	ram		__ am
	hen		__ en
	pig		__ ig

V. Agreement

List down 5 words and perform phoneme substitution in the initial or beginning sound.

Activity 20: I CAN CHANGE IT

A. Motivation

Have a mystery box with pictures of things and animals and let the pupils come in front to identify the ending sound they produce when naming the animals or things.

(The picture^s in the mystery box are found below)

Ask them other examples of animals or things and let them identify ending sound.

B. Developmental Activities

Let the pupils watch the video about substituting phoneme in the final sound. Link found below)

<https://youtu.be/56agYENzrZc>

C. Discussion (I do)

Show the picture of a bug to the learners. (I do)

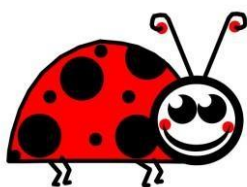

Say: Look at the picture. What do you see in the picture?

The teacher will say the word "**bug**". She will sound out each letter of the word cat and say /b/ /u/ /g/.

The word **cat** can be change into rat if we change the ending or the final sound /g/ into /n/.

The new word that can be form is "**bun**".

The teacher will show how she changes the letter sound to form a new word.

We change ending or
final sound /g/ to /n/

bug

bun

The teacher will show the following words and let the pupils repeat the words.

We will say the word together. **(We do)**

bug-----bun

mat-----man

rat-----ran

hat-----ham can-----cam

The teacher will demonstrate how new words are form when the ending sound is being change. She can also call a volunteer pupil to go in front and show how the ending letter sound changes to create a new meaningful word. If the pupil shows learning, then the teacher can proceed to practice in order to reinforce learning.

D. Practice (you do)

Distribute to the learners the activity sheets and let them answer the activity.

Exercise 1: Change the ending sound to form a new word.

Name: _____

Activity 1: I Can Change It

Directions: Change the ending sound of each word to form a new word that matches the picture.

1. bat 	b a _ _	 _____
2. can 	c a _ _	 _____
3. man 	m a _ _	 _____
4. ran 	r a _ _	 _____
5. hat 	h a _ _	 _____

IV. Evaluation

Instructions: Distribute to the learners the answer sheet and let them answer the evaluation.

Name: _____

Activity 2: Phoneme Swap

Directions: Change the ending sound to form a new word that matches the picture.

1. fat 	fa_	 _____
2. cap 	ca_	 _____
3. map 	ma_	 _____
4. bar 	ba_	 _____
5. mat 	ma_	 _____

Conclusion

Final Sound Substitution is the change of ending sound to make
a new word.

IV. Agreement

Posttest

Phoneme Identification

A. Directions: Look at the picture and identify the initial phoneme of the name of each animal. Write your answer on the blank.

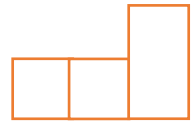

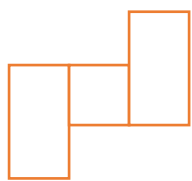

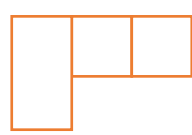

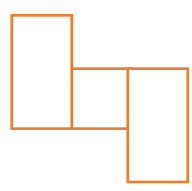

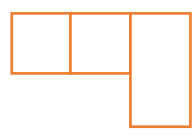

B. Direction: Write the missing phoneme of the name of the picture.

7.  co___
8.  ___ag
9.  bo___
10.  c___p

C. Direction: Write the phoneme of the name of the pictures.

11. 	
12. 	
13. 	
14. 	
15. 	

Posttest

Phoneme Categorization

Name: _____

Direction: Answer the following:

I. Encircle the word that has the different initial sound.

1. par far pan
2. kick key tap

III. Box the word that has the different medial sound.

3. cap sap nip
4. tin can sit

IV. Underline the word that has the different final sound.

5. mat pit key

V. Put a check to the picture that has a different initial sound.

6.

7.

VI. Put a star to the picture that has a different medial.

8.

9.

10

VII. Put a check to the picture that has a different final sound.

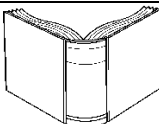

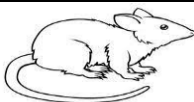

10.

Posttest

Phoneme Blending

Directions: Say the name. Blend the phoneme to make a word.

Say it	Sound it					Make it
	/f/	/a/	/n/			____
	/g/	/r/	/a/	/s/	/s/	_____
	/r/	/e/	/a/	/d/		_____
	/b/	/o/	/o/	/k/		_____
	/cl/	/a/	/p/			_____
	/n/	/e/	/s/	/t/		_____
	/r/	/a/	/t/			____
	/f/	/i/	/sh/			_____
	/m/	/a/	/t/			____
	/r/	/e/	/d/			____

Posttest

Phoneme Segmentation

A. Directions: Look at each picture. Say its name. Write the number of sounds/ phonemes inside the cloud.

1.

pen

2.

top

3.

card

4.

red

5.

sun

B. Directions: Put check on the box that has the same sounds as the name of the picture in the left.

6.		☐ / w / / i / / g /	☐ / b / / i / / g /
7.		☐ / f / / i / / x /	☐ / s / / i / / x /
8.		☐ / l / / e / / g /	☐ / k / / e / / g /
9.		☐ / c / / a / / n /	☐ / f / / a / / n /
10.		☐ / b / / a / / g /	☐ / r / / a / / g /

C. Directions: Identify each picture and its phonemes/sounds. Cut the phoneme below and paste it beside the picture.

11.		
12.		
13.		

14.

Phoneme Addition

POST TEST

Add the correct letter sound in the beginning, middle or end to form a new word. Write your

Say It	Circle the correct phoneme	Write the Word
lack	/b//m//a/	black
hear	/t/ /r/ /a/	
at	/x//z//c/	
tee	/r/ /a// s/	
pear	/a/ /s/ /l/	
tick	/c/ /s/ /f/	
pear	/b/ /s/ /e/	
eat	/h/ /a/ /t/	
gapes	/l/ /r/ /d/	
late	/m/ /p/ /k/	
bow	/v/ /l/ /c/	
lip	/l/ /c/ /p/	

Name: _____

Post Test: Phoneme Substitution

Test I

Direction: Put B if the word s are formed by changing the initial sound and E if it is ending sound.

_____ 1.bug-----but

_____ 2.mat-----man

_____ 3.rat-----sat

_____ 4.ham-----hat

_____ 5.ran-----can

_____ 6.bag-----rag

_____ 7. map-----man

_____ 8.pan-----tan

_____ 9.mat-----cat

_____ 10.can-----fan

Test. II

Direction: Change a letter sound of the word to form a new word.

1. bat

2. hat

3. jar

4. man

5. ram
